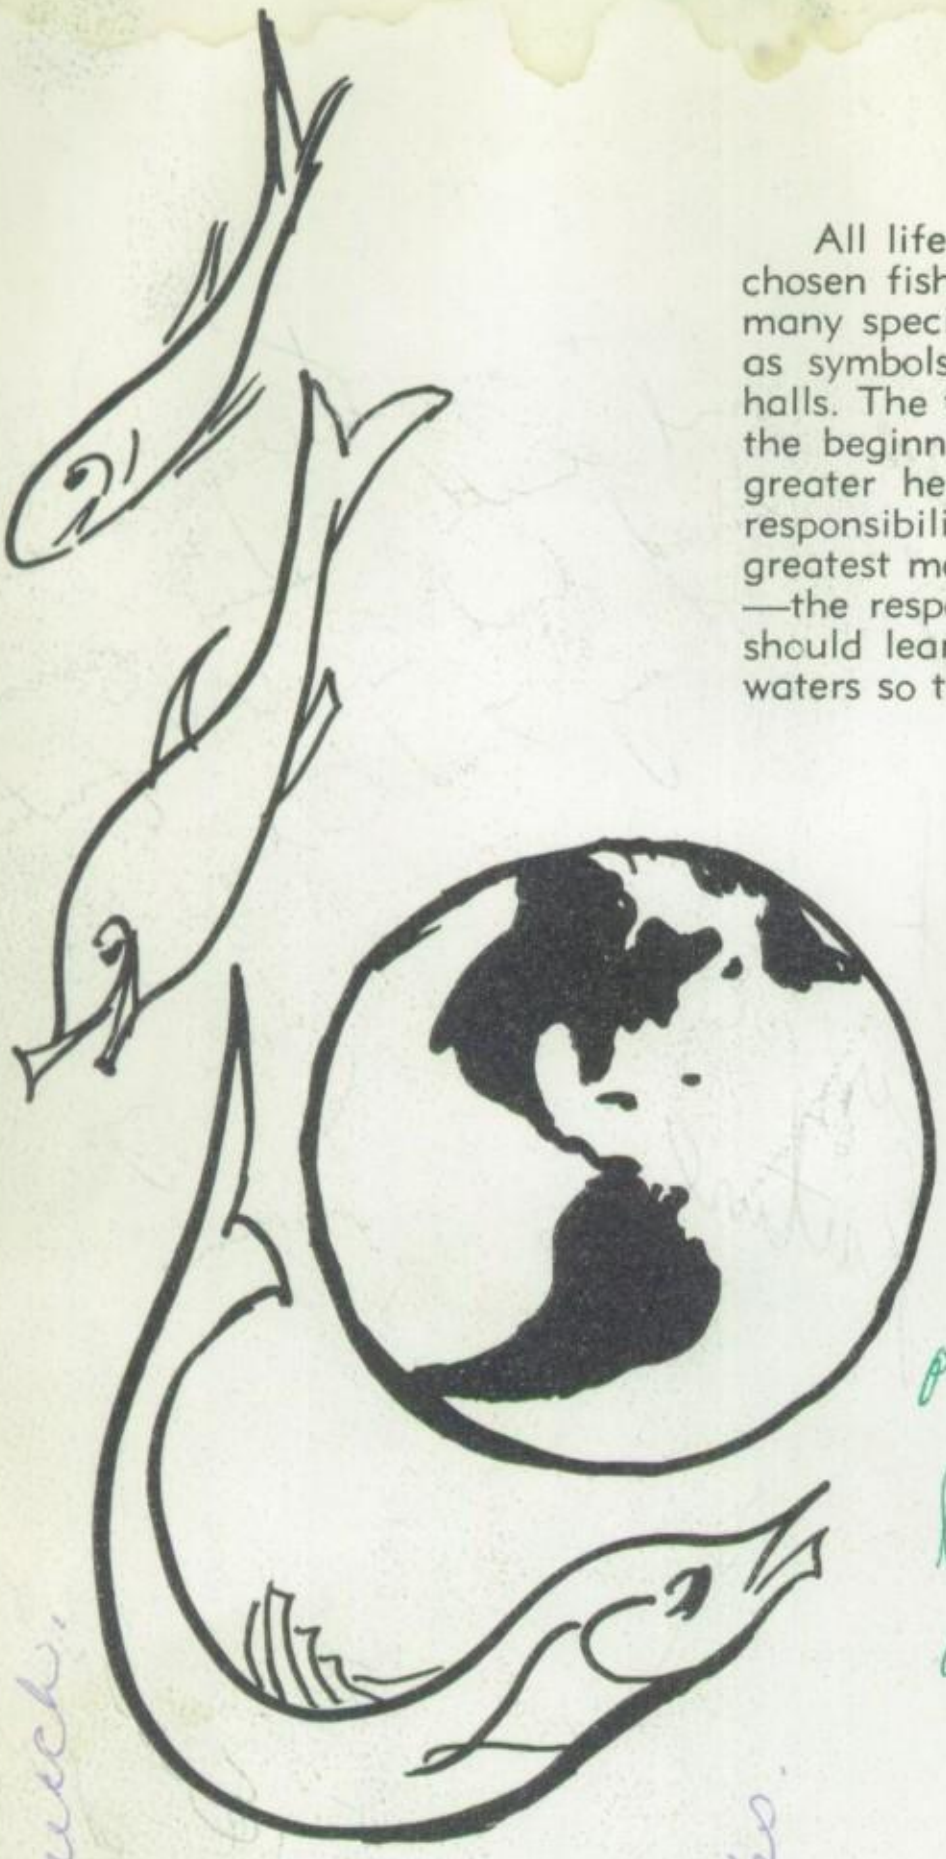
Foreword



All life is said to have come from the sea; thus we have chosen fish and their waters for the 1967 Pocatellian. The many species of fish, whether fresh or salt water, are used as symbols in the stream of life which flows through our halls. The training we receive from our high school years is the beginning of our adult life. From here we shall rise to greater heights; that is, if our generation will assume its responsibility of using its knowledge wisely. We have the greatest moral obligation ever placed on any one generation —the responsibility of maintaining international peace. We should learn to live in the whirlpools as well as the calm waters so that each man can attain his individual rights.

Kathie,
Your a real nut and loads of fun. Hope we will be friends always! Be good & lots of luck. See ya next year.

Pocatello High School Loyalty

We're loyal to you, Poky High,
We're the Red and the Blue, Poky High.
We'll back you to stand 'gainst the best in the land
For we know you have sand Poky High. Rah! Rah!
So give us first place, Poky High
And give us the prize, Poky High.
Our team is our fame protector.
On, on for we expect a victory
For our Poky High
Che He Che Ha; Che ha! ha! ha!
Che He Che Ha; Che ha! ha! ha!
Poky High! Poky High! Poky High!
Bring out that dear old flag of the Red and the Blue.
Bring out your sons and daughters fighting for you
Like men of old and giants, placing reliance,
Shouting defiance, Oske Ow Ow!
Amid the sage brush hills that cover our land
For honest labor and for learning we stand
And unto thee we pledge our hearts and hands.
Dear alma mater, Poky High!

An International Touch at Poky

Yoshiko Aioi is Poky's exchange student from Kamigoricho, Hyogoken, Japan. She is staying with the Marvin Ross family, 20 Purkey Avenue. Yoshiko came to the United States with four other girls who are also staying with American families. Yoshiko went to an all girls' school in a large city a few miles from her hometown. She wishes to go to college in the United States but she is not certain if she will go to I.S.U. Yoshiko loves to play ping-pong, and her favorite American food is the hamburger. She says she likes U. S. History but has trouble keeping a notebook. In September Yoshiko was mode an honorary member of Pep Club and provided with a uniform. Because watching sports is one of her main interests, she can be seen cheering the team enthusiastically.

Adolfo Garcia-Huidobro, 17, a Chilean student, is also studying at Pocatello High. Adolfo plans to finish his senior year in the United States and then return to Chile where he will study medicine. He is staying with the Dee Bogert family, 7 Willowwood Avenue. Adolfo is a very active person. He loves tennis and skiing and is a member of Key Club and Boys' Council. He loves all types of pies. His favorite subject is U. S. Government. In September Adolfo was elected president of DeSales Club, a church group for teen-agers. Although he enjoys living in America, he is looking forward to his return to Chile in July.

To the Students:

I want each of you to know it has been a privilege and source of happiness for me to be able to work with the best of all tribes, "The Pocatello Indians." You have shown me this year that you have spirit and spirit is truly the source of all success in life.

As your chief, I give to you the soundest, most serviceable truth given to humanity from the great minds of the past. You want to be happy—I want to be happy. Milton gave us the key when he said, "The mind is its own palace and itself can make a heaven of hell or hell of heaven." As you see then, one word is the magic key to happiness. This word is **attitude.** Live each moment with the attitude of love and service; search for truth and enthusiasm. If you do this, happiness will be yours. You are the master of your life. I ask you each moment to find and keep happiness as you travel through life by using this key.

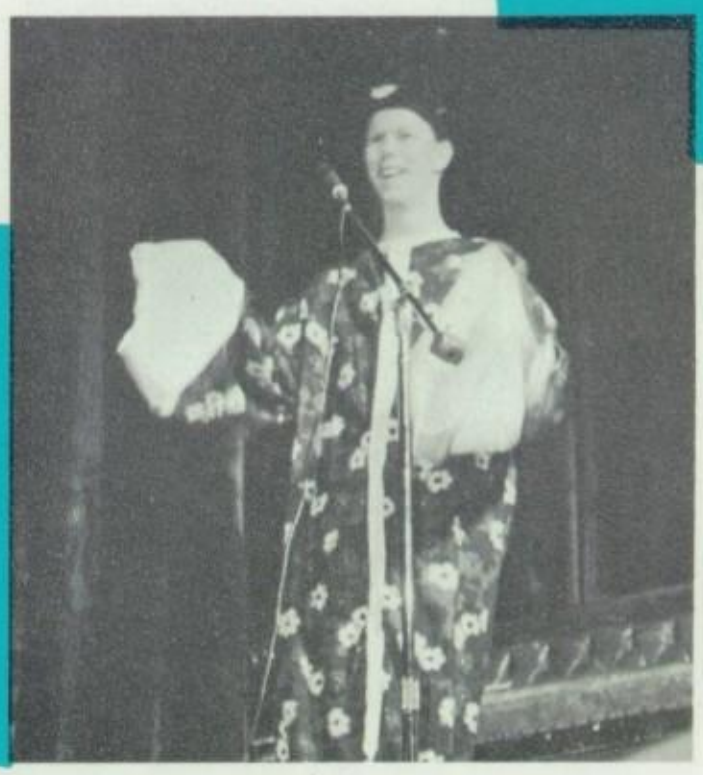
A Visit to the Land of Poke

Pooof! And here we have the lovely wife, Mary Merkley, of the Wizard of Poke.

The gay chants of minstrel Jamie Trotter made quite an impression on all who attended.



Wizard Don Johnson tells a joke at the hysterical Senior Class Assembly.

Here the Senior Dance Team adds its magic touch by dancing in the moat for King John Kline.

Time Tunnel

Fred Ramey and Lynne Swassing controlled the SPUTNIK '67 at the Senior Class Party.

They're coming to take them away, ha ha! From left to right are Marcie Grossman, Debbie Sidell, and Monica Yamada in costume in keeping with the theme.

Characters from all time are on hand to greet Robert Lee as he slides down the Time Tunnel in arriving at the Senior Class Party.

The Senior Class Officers are, from left to right, Rob Freckleton, president; Susan Hobson, treasurer; Heather Putnam, secretary; Robert Lee, vice-president.

Senior Class Officers

Although we look forward to the future, we shall always remember our years at Poky, especially our senior year. The year began with the exciting Red and Blue Day as Becky Layne reigned as our Homecoming Queen. This year the "P" on the hill was completed by the seniors. We shall remember our senior class assembly—"The Wizard of Id", our class party, and the Senior Ball as "extra special." Our senior year ended with commencement and the perfect all-night party. These memories will last forever in the mind of the Class of '67.

Junior Class Officers

We, the Juniors of Poky High, have gradually seen our second great year of high school slide into the past. But, many lasting memories of this year will remain with us forever. The thrilling week of Homecoming activities with Kerry Clark reigning as our Junior Princess, our frivolous class party, which was inspired by the invincible James Bond, ordering our class rings, and our beautiful Junior Prom, are only a few of these unforgettable memories. Yet, we all look forward to our final year of high school—our Senior year as the great Class of 1968.

Crossing the Bar . . .

Sunset and evening star,
And one clear call for me!
And may there be no moaning of the bar,
When I put out to sea,

But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep
Turns again home.

Twilight and evening bell,
And after that the dark!
And may there be no sadness of farewell,
When I embark;

For though from out our bourne of time and place
The flood may bear me far,
I hope to see my Pilot face to face
When I have crossed the bar.

And . . . In Memoriam

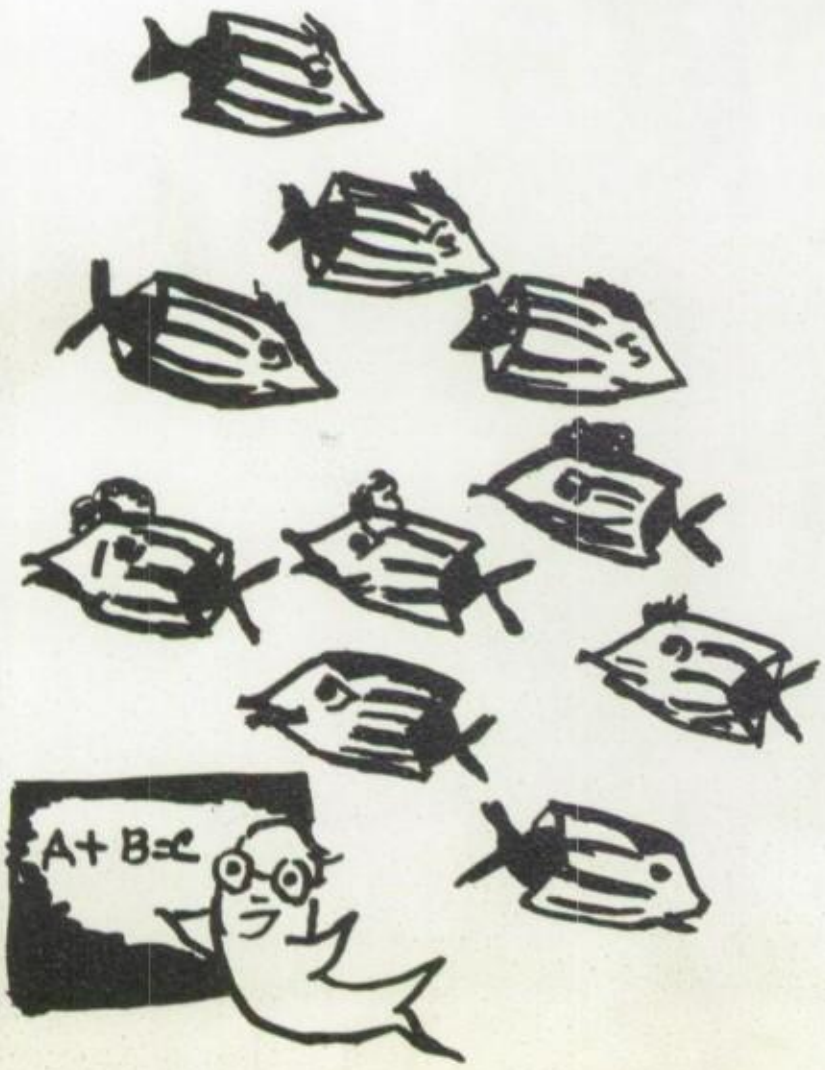
This and That

"If I tell you there's no radiation, there's no radiation," says a guide of the A.E.C. to senior boys, left to right, Mike Androulakis, Charlie Kostow, Ron Kobler, Jack Wiley, Dave Marshall.

Sophomore Class officers are, clockwise, Rick Longhurst, president; Marsha Montgomery, treasurer; Dave Sumida, vice-president; Wendy Madsen, secretary.

Sophomore Class Officers



After our first exciting year of high school, we now may shed our mark of "Sophomorism" and assume our position among the upperclassmen. But the knowledge and experiences we have shared this past year will always be remembered. Peggy Carter served as our charming Sophomore Princess for Homecoming '66, and our Sophomore assembly and party gave our fellow tribesmen an example of our great talents. So, now we take another step upwards in our education with more confidence in our loyalty to ourselves and our great Poky High.

From last in the conference to second in the state is a long jump, but the Indians proudly display the Runners-Up Trophy won at the State Tournament in Boise.

Student Officers

Fellow Students:

This year we can truly say we have had a successful year. We have set new standards. We have accomplished many things, some of which we shall remember the rest of our lives. We have taken advantage of our opportunities and in many cases have made opportunities.

Education is a key to success, and P. H. S. has helped to lay our foundation for a successful life. We have had wonderful times at Poky and I regret leaving "the home of the Indians". I am proud to say that I spent my high school days here.

Sincerely,

Joel Hardy

"I'm Going to Business College First . . ."

Because many prominent educators throughout the United States suggest this for the girl right out of high school. You ask why? Here are the reasons:

1. **You can offer training to your employer that he needs right now.**
2. **You can use it to help you to earn additional education.**
3. **Secretarial training pays very well.**
4. **You can use it to earn a PHT degree . . . (putting hubby thru).**
5. **It prepares you to tackle a bigger goal.**
6. **You'll have it for a lifetime.**
7. **Secretarial training is a highly respected occupation.**

Yes, learn to take care of yourself and you can achieve other goals more easily. Take the advice of many educators. Look into a business course from GRIMM'S.
